

HUSD COVID-19 Dashboard FAQs

1. **What is the HUSD COVID-19 Dashboard?**

The purpose of the HUSD COVID-19 dashboard is to provide our Higley Unified School District families and staff with a transparent summary of COVID-19 cases by school.

2. **What is an active case?**

A student or employee participating in on-campus activities has tested positive for an active COVID-19 infection.

3. **How does an active case become a resolved case?**

A case becomes resolved once an "Active" individual has completed isolation and is cleared to return to on-campus activities and their case is moved from the "Active" count on the campus dashboard to the "resolved" count.

4. **What does isolation mean?**

Isolation separates individuals that have tested positive for COVID-19 from individuals that are not sick.

5. **When will I be notified of a positive COVID-19 case?**

Elementary notifications will be sent by grade level. Middle school and high school notifications will be determined by common class schedule.

6. **When should I stay home?**

It is vital to the health and safety of our community that individuals stay home if they have:

- had contact with a positive COVID-19 individual
- are having symptoms of COVID-19
- been tested for COVID-19 and are awaiting test results
