## **HUSD COVID-19 Guidelines**

The Higley Unified School District (HUSD) is engaged in numerous efforts to prevent, mitigate, and respond to reducing the spread of COVID-19 on our campuses. Our efforts have been outlined in our [HUSD Mitigation Plan](#), which includes continued cleaning protocols and [Daily Family Health Screening Expectations](#). Despite HUSD's best efforts, it is impossible to eliminate the risk of positive cases or an outbreak on our campuses. We cannot guarantee that people present on our campuses will not be exposed to and/or become infected with COVID-19. The risk of exposure and possible infection is real and present with any communicable/infectious disease in a community environment where large numbers of people are regularly interacting.

### **Quarantine**

In collaboration with the Maricopa Department of Public Health Services, the HUSD Administrative Leadership Team will determine if the need to quarantine students is necessary on a case-by-case basis.

### **Communication**

If there is a confirmed positive case of COVID-19 on a school campus, everyone in the classroom/cohort will receive a "NOTIFICATION OF CONFIRMED COVID-19 CASE ON CAMPUS".

If the need to quarantine students is determined, parents/guardians will receive a phone call from school administration and written instructions outlining quarantine directions.
