## INTRODUCTION

The District has established guidelines for student conduct designed to ensure a safe environment for all students and staff in our schools. While students are responsible for their own actions, it is vital for the family, the school and the community to work together. Students whose actions violate school/district guidelines will be expected to accept the appropriate consequences. Students are expected to respect the rights and property of others, along with demonstrating high standards of personal integrity. This includes their time at school, going to and from school, including but not limited to bus stops, school-sponsored events, behavior outside the school day which impacts the education of students or the educational environment at school, etc.

The Higley Unified School District uses a progressive discipline philosophy. However, school administration, district administration, the hearing officer and the Governing Board have the discretion to issue appropriate consequences based on various factors. The Higley Unified School District sets not only high expectations for academics, but also for the conduct of students. The Higley Unified School District will not allow academic progress to be slowed because of the inappropriate conduct of students.

Nothing outlined in this publication is intended to restrict the District from imposing more or less severe consequences if warranted if, in the discretion of the District, the severity of harm, danger, damage or the potential for harm, danger or damage warrants it, or if one incident involves more than one infraction. In addition, based on the facts, long-term suspension or expulsion may be imposed, even if not listed below as a potential consequence.

## **GENERAL SCHOOL PROCEDURES**

### **ARRIVAL/DISMISSAL**

Students should not arrive at school in the morning until staff members are present to provide adequate supervision for safety's sake. Please refer to your school's webpage and parent communication for specific times.

At dismissal, students should immediately board the bus, leave for home if walking or riding a bicycle, assemble at the designated location for parent pick-up or assemble at the designated area for their after-school program. Students may not linger on campus because supervision is not provided.

It is vital that parents adhere to the school's procedures for arrival and dismissal traffic flow. The safety of every child is worth the extra minutes required to follow the established procedures. Student safety should always come before adult convenience.

## **ATTENDANCE**

Parents/Guardians are charged by law with the responsibility for their student's attendance. If a necessary absence is known in advance, the parent/guardian is expected to inform the school. All absences not verified by either parental or administrative authorization within 24 hours will be recorded as unexcused.

Parents are asked to prioritize their child's education by scheduling medical and dental appointments outside of school hours, as well as scheduling family vacations during school breaks, holidays and summer vacation.

## **BICYCLES, ETC.**

Schools will not store skateboards, scooters, rollerblades, etc., inside the school building. If a student chooses to use this mode of transportation, the item must be able to be secured with a locking mechanism inside of the designated bicycle storage area.

Students are expected to follow all school procedures and local laws when traveling to and from school and are encouraged to wear appropriate safety equipment. Bicycles, scooters, skateboards, etc., must be walked or carried in crosswalks and upon entering the school grounds. At no time are bicycles, scooters, skateboards to be used on school grounds.

Students have the privilege of riding in District buses or other District vehicles as assigned. Conduct that violates the Student Code of Conduct at bus stops, in District vehicles, in the process of boarding or exiting such vehicle, or otherwise related to the vehicle may result in disciplinary action.

Students' behavior on a school bus should be the same as that in a well-ordered classroom. To assist with maintaining order and safety, school buses are equipped with video surveillance camera systems. These systems have both audio and video recording capability. Viewing of school bus videos is restricted to School District personnel on a need-to-know basis. \*for more information, refer to page 18.

## **ELECTRONIC INFORMATION SYSTEMS**

Personal: Students and parents assume a personal risk of theft, loss or damage of their personal electronic devices when choosing to bring them to school. Student's personal electronic devices may not be used during the school day except in the instance of being asked to use them for an explicit educational purpose and under the direct guidance of the classroom teachers. Otherwise, electronic devices are to be off and not displayed for use. If a student uses a personal electronic device to engage in misconduct under another violation area, the student may receive additional consequences. The school may also confiscate personal electronic devices.

**The school or District is not responsible for the loss, theft or damage of student's personal electronic devices.**

**District:** HUSD provides District technology, including but not limited to, computers, network equipment, tablets, software, web-based programs and interactive displays, for educational purposes. All electronic technologies are only to be used in support of the educational program of the District and access may be revoked at any time for any misconduct related to the use of electronic technologies.

**The school or District is not responsible for the loss, theft or damage of student's personal property.**

## **PRODUCT SALES**

Students may participate in school organization fundraising sales on school campuses in accordance with the District policies for such. No other sale of items is permitted by students while on school or district property.

## **SELF-DEFENSE**

The threat or use of force by a student is NOT considered self-defense when:

- Used in response to verbal provocation alone.
- Assistance from a school staff member is an alternative.
- The student has an opportunity to remove him/herself from the situation or otherwise flee.
- The degree of physical force is disproportionate to the situation or exceeds that which would be necessary to avoid injury or protect personal property.

## **STUDENT DRESS STANDARDS**

The District encourages students to take pride in their attire as it relates to the school setting. Students should dress in a manner that, in addition to the following guidelines, takes into consideration the educational environment, safety, health, and welfare of self and others. To that end, students are expected to adhere to the following dress standards:

- Clothing that immodestly exposes the chest, abdomen, midriff, genital area, or buttocks is not permitted.
- Clothing items may not create an atmosphere of threat, intimidation, or undue pressure.
- Footwear must be worn at all times. Safety requirements for specific classes such as industrial technology, life management, physical education, and chemistry must be followed.
- Jewelry shall not be worn if it presents a safety hazard to self and/or others.
- Clothing may not display or suggest obscene language or symbols.
- Clothing may not display or advertise alcohol, drugs, tobacco, or any illegal or controlled substance or item.
- The only acceptable headwear allowed that may be worn at school are hats and visors in their original unaltered condition. Bandanas, hairnets, knit stocking caps and so forth, are not to be worn at school. Students shall remove their headwear when in a building or when requested to do so by a member of the administration, faculty, or staff.
- Gang clothing/paraphernalia is prohibited on school property, in school vehicles, and at school activities. Gang paraphernalia is defined as any apparel, altered apparel, jewelry, accessory, notebook, or any manner of grooming which, by nature of its color, arrangement, trademark, or any other attribute denotes membership in a gang.

Exceptions for special activities, health considerations, or religious attire may be preapproved by the principal.

Students who volunteer for extracurricular activities, such as athletics, band, chorus, etc., are subject to the standards of dress as defined by the sponsors of such activities.

## **STUDENT RIGHTS & EXPECTATIONS**

Higley Unified School District embraces that students are afforded many basic rights. Students' basic rights include the right to a meaningful educational experience. While the District strives to provide a school experience that is fostered in a learning environment that is safe and that values students' viewpoints, opinions and unique needs and characteristics, students must also demonstrate a commitment to honoring the rights of all members of our school system. To that end, students must balance their right to an education with their responsibility for their actions, particularly when their actions are inappropriate.

When students choose to demonstrate behavior that is inappropriate in accordance with District policies and procedures, they will need to accept the consequences. District policies and Arizona state law provides the District the authority to hold students accountable for inappropriate behavior on school property at any time, including but not limited to: on the way to and from school; whenever it impacts the educational environment, during any school-sponsored activity; at school bus stops; and in other locations outside of the school grounds, additionally if the behavior has a negative impact on school district employees, students or activities.

School administrators shall handle each report of a student disciplinary situation by speaking with students to gather information. Administrators may gather information from students without parent participation or consent. When gathering information from a student accused of a violation of the Student Code of Conduct, the administrator will afford due process.

### **Due Process Rights**

1. Students will be informed of the accusation against them and be provided with the supporting facts.
2. Students will have the opportunity to accept or deny the accusations.
3. Students will have the opportunity to present their version of the situation.

After gathering the facts and affording due process, the school administrator shall determine if a violation of the Student Code of Conduct occurred.

If the administrator determines that a violation of the Student Code of Conduct occurred, and that a consequence (other than an informal conference or verbal warning) will be assigned to the student, the parent will be contacted.

## **SEARCHES & POLICE INVOLVEMENT**

A student's right to privacy and unreasonable search and seizure must be balanced with the school's ultimate responsibility to protect the health, safety and welfare of all students and staff.

Administrators have the authority to conduct searches when they have a reason to suspect that the search will uncover evidence that a violation of the Student Code of Conduct has occurred or that a law has been violated.

Administrators may search student desks, lockers, backpacks, purses or other personal belongings and vehicles when reasonable suspicion exists and in order to determine if a school violation has occurred or a law has been broken.

Through a partnership with the Town of Gilbert, School Resource Officers (SROs) are present on high school campuses. Officers from Gilbert and Maricopa County Sheriff's Office (MCSO) also respond to middle and elementary schools as needed. Law enforcement officers may, at times, need to speak with students.

- When parents are being investigated for suspected child abuse or other criminal activity, the District is prohibited from notifying the parents.
- When students are being investigated for something unrelated to the school, the parents will be contacted prior to the law enforcement officer being allowed to speak with the student.
- When the school has called the police for a suspected crime committed by a student in relationship to the school, the District will allow the law enforcement officer to speak with the student unless the student refuses to be interviewed or requests to have a parent present.
- If law enforcement takes a student into custody, the school must comply. Administration will notify the parent unless directed otherwise.

## **TEACHERS & STAFF CONSEQUENCES FOR STUDENTS**

Teachers have classroom management plans that include consequences, included but not limited to those described below, for common classroom behavioral concerns. When positive behavioral change is not occurring under the classroom plan or when the offense is immediately serious, a disciplinary referral form will be generated and completed by the school administration.

Other teachers and other staff members may be responsible for supervising students in the cafeteria, on the playground, and throughout campus according to established school wide behavioral expectations. When students do not comply with staff members or respond appropriately with the informal actions described below, a disciplinary referral form will be generated and completed by the school administration.

**Conference/Behavior Plan:** The teacher or staff member will hold a conference with the student to discuss the continued inappropriate behavior and to develop a plan for changing the behavior and outlining the consequences if the behavior does not change. Parent may be notified.

**Detention:** The teacher or staff member will hold a child in the classroom or other supervised location before, during lunch or after school. Before, during and after school detentions are typically 30 minutes or less.

**Informal Talk:** The teacher or staff member informs the student of the inappropriate behavior, describes acceptable behavior and asks the student to make adjustments to his/her behavior so that the consequences do not need to progress. Parent not typically notified.

**Restriction of Privileges:** Teachers or staff members may restrict a student's participation in a special event or activity, i.e. fieldtrip, assembly, class party, etc. Parent may be contacted.

**Removal from Classroom:** (extreme circumstance) State law allows a classroom teacher to remove a student from the classroom and request that a staff committee determine whether the student should return to the classroom or be assigned elsewhere. Parent will be notified.

**Time-Out:** The teacher or staff member assigns the student to a buddy teacher classroom or other supervised location where the student is isolated from his/her classmates and the environment in which the student was making poor choices. Time-Out is typically one class period or less. Parent may be notified.

## ADMINISTRATOR CONSEQUENCES FOR STUDENTS

Depending on the various factors such as, type of behavior problem, the student's disciplinary history, the seriousness of the infraction administrators may take one or more of the actions, including but not limited to those described below. Consequences may also affect participation in extracurricular activities and may include notification of law enforcement. Parents will be notified of administrator consequences for students.

**Alternative Program Assignment:** The school administrator may recommend that the student be placed at the District's alternative learning program for a minimum of five school days up to the remainder of the semester or school year. Transportation may be provided to the student. Parent will be notified.

**Denial of Bus-Riding Privileges:** The school administrator may suspend a student's privilege of riding a school bus according to the guidelines on the following page. Students will be expected to arrange alternative transportation to and from school for the duration of the bus suspension. Parents will be notified.

**Saturday Detention:** The school administrator may assign the student to Saturday school.

**Diversion/Intervention Program:** The school administrator may assign the student to mandatory participation in a diversion/intervention program during a short or long-term suspension. If the administrator assigns a diversion program and if the student successfully attends the program, the administrator may choose to divert some of the days of the suspension. If the administrator assigns an intervention program, the student must successfully participate in the program to avoid other disciplinary consequences including a pending short or long-term suspension. Parent will be notified.

**Expulsion:** While the student is serving a short-term suspension of 10 days or less, the school administrator may recommend to the District an extension of the suspension to an expulsion. Upon the school administrator's recommendation of an expulsion, a hearing may be scheduled with an appointed hearing officer. After a formal hearing, the hearing officer may recommend an expulsion to the Governing Board. Only the Governing Board may impose the expulsion. An expulsion is a permanent withdrawal of the privilege of attending any schools in the Higley Unified School District unless the Governing Board readmits the student in accordance with the procedures outlined in Board policy. The parent and student will receive notification of the expulsion hearing including information about the hearing procedures and student's rights.

**In-School Suspension (ISS):** The school administrator may assign a student to 10 days or less of suspension in school. During an in-school suspension, the student will be removed from his/her classroom and normal daily school activities and supervised in a location isolated from peers. Class work will be provided to the student. Parent will be notified.

**Out of School Suspension (OSS) (short-term):** The school administrator has the authority to suspend a student for 10 school days or less after appropriate due process. If immediate due process is not possible because the student's presence creates a danger to the school or because the student's criminal circumstance prohibits it, due process will be afforded as soon as possible thereafter. Classwork will be provided to the student. The student may not be present on any

district campus or at any school or district activity when serving a short-term suspension. Parents will be notified for all short-term suspensions. There is no legal right to appeal a short suspension to any person other than the school administrator.

**Out of School Suspension (long-term):** While the student is serving a short-term suspension of 10 days or less, the school administrator may recommend to the District an extension of the suspension to 11 school days or more. Upon the school administrator's recommendation of a long-term suspension, a hearing may be scheduled with an appointed hearing officer. The parent and student will receive notification of the long-term suspension hearing including information about the hearing procedures and student's rights.

**Restitution:** The school administrator may assign a student to financial liability for damage, loss, theft of school property. If the restitution amount is greater than \$100, law enforcement authorities will be contacted.

While not a disciplinary consequence, the school administrator may also convene the Threat Assessment Team. Every instance of threatening behavior will be treated seriously and examined thoroughly in determining whether a threat exists under the Threat Assessment process. According to the outcome of the Threat Assessment, a safety plan may be developed, victims may be notified, and disciplinary consequences may be assigned as described above.

## BUS RULES & CONSEQUENCES

**Riding a bus is a privilege.**

- Students may lose their bus riding privileges immediately for serious infractions.
- Bus suspensions may include field trips and activity runs.
- Students who cut, deface or otherwise damage any school vehicle may be disciplined up to expulsion including being held financially liable for the damage.
- School administrators have the authority to determine the length of bus suspension considering the infraction and behavioral history of the student involved.

**Bus riders are expected to adhere to the following rules:**

- Follow directions immediately when asked. It is unsafe for the driver to have to argue or explain the reason for a request while operating the bus.
- Remain seated at all times and until the bus arrives at the scheduled stop.
- Keep all parts of body inside the bus and to self at all times.
- Talk quietly as would be in the classroom and use only appropriate language. Remember, younger students are watching and learning from older students.
- Throw away any garbage when exiting the bus.
- Keep the aisle clear at all times including keeping feet and legs out of the aisle.
- Water is the only allowable food or drink.
- Do not tamper with bus equipment or vandalize any parts of the bus. Students WILL be held responsible for the cost of the damage.

- Skateboards, longboards, and scooters are not allowed on bus.

**Bus drivers have the authority to apply the following actions regarding student discipline. If the student's misconduct continues, the bus driver will submit a discipline referral to the school administration.**

**Assigned Seat:** The bus driver or school administration may reassign a seat. Parent may be notified.

**Conference with Administrator:** The bus driver may request that the school administrator conference with the student about the inappropriate behavior. The bus driver may be present for the conference. Parent may be notified.

**Informal Talk:** The bus driver will discuss the inappropriate behavior, describe acceptable behavior and ask the student to make adjustments to his/her behavior so that the consequences do not need to progress. Parent not typically notified.

**Pull over:** The bus driver may pull over and stop the bus when student behavior causes an endangerment and it is unsafe to drive the bus. The driver will notify the transportation department. Student discipline referrals may result if the driver

takes this action.

## CONDUCT VIOLATIONS & CONSEQUENCES

The violations and definitions listed are not to be viewed as all-inclusive. School administrators have the authority to determine the violation category of a student's misconduct based on all evidence collected and in alignment with normal practice.

While students will receive consequences for violations, students may also receive consequences for attempting to commit a violation or knowingly assisting or provoking a violation of the Code of Conduct.

Violations such as those involving alcohol, drugs, firearms possession, sexual abuse or other abuse and other serious incidents including threats, require a report to law enforcement. Schools also have the discretion to notify police of other incidents depending on the circumstances of the misconduct.

Nothing in this handbook is intended to restrict the district from imposing more or less severe consequences if, in the discretion of the district, the severity of harm, danger, damage or the potential for harm, danger or damage warrants it, or if one incident involves more than one infraction. In addition, based upon the facts, long-term suspension or expulsion may be imposed, even if not necessarily listed as a potential consequence on the grid for a particular behavior.
